

Reinforced Abrasive Cut Off Wheels

Our Double Reinforced Wheels are made here in the U.S.A designed for most stationary abrasive saws (Except the 4" and 7" wheels which are made for hand held tools).

Our Single Reinforced Wheels are imported and are used for general purpose cutting.

Part #	RPM	Box Qty.
Double Reinforced		
COW4X1/16X5/8	18,000	100
COW4.5X1/16X7/8	13,300	50
COW7X1/8X5/8	8,500	25
COW10X1/16X1	6,112	10
COW10X3/32X1	6,112	10
COW12X3/32X1	5,092	10
COW12X1/8X1	5,092	10
COW14X3/32X1	4,366	10
COW14X1/8X1	4,366	10
COW20X11/64X1	3,056	10
Single Reinforced		
JSCOW10X1/8X1	6,000	10
JSCOW12X7/64X1	5,100	10
JSCOW14X7/64X1	4,400	10
JSCOW16X1/8X1	3,800	10

Grinding Wheels Industrial Quality

These aluminum oxide wheels are great for fast removal of steel welds, burs, and large areas of steel.
